

There are many different Filling Closing Machines – but only one DOSOMAT.

For over 60 years we offer our customers efficiency and quality in the bottling of products – whether pasty, liquid or solid. Our round table machines and inline machines set the standard in terms of flexibility and quick conversion with an output of 1.000 to 100.000 cups per hour. You have your high demands-we have the DOSOMAT. We look forward to your inquiry.
